PLEASE CHOOSE YOUR PACKAGE: *(MUST CHOOSE ONE)*

We aim for the highest quality work with every dip we do, but due to the nature of the materials and the technique of hydro-dipping, we cannot promise your item will be flawless. Because of that, we offer two levels of quality of hydro-dipping. We are offering these packages after receiving customer feedback:

<p>■ PREMIERE We will do everything we can to dip without issues, but sometimes you'll see slight stretching, fading pinholes, or watermarks from the film. These are normal occurrences. If you are okay with these, please choose "Premiere Package".</p>	<p>■ WHITE GLOVE If you are not satisfied with the normal standard of hydro-dipping, we offer our White Glove service for an increased price - because of added hours of work and materials. With this service, we will go over your item with a fine-toothed comb and hand paint any pinholes, re-dip if we find issues with the film, or will do anything else to make sure your items are near-perfect. If you would like this upgrade, please choose "White-Glove Package".</p>
<p>■ PLEASE CHECK BELOW WHICH PACKAGE YOU WOULD LIKE: ↴</p>
